Seminar Covers the following Topics

- a Graphene based Nanomaterials
- a Nanostructured Thin Films
- a Metal Oxides & Mixed Metal Oxides
- a Perovskite Nanostructures
- a Metal Organic Frameworks
- a Carbon Nanotubes, Nanowires and Nanofibres
- a Nanocomposites
- a Nanodevices
- a Quantum Dots
- a Novel Synthesis & Characterization of Nanomaterials
- a Surface Engineering
- a Semiconducting Materials

Important Dates

Abstract Submission : 15.12.2019
Notification of Acceptance : 16.12.2019
Last date for Registration : 18.12.2019

About the Seminar

Department of Physics is organizing one day National Seminar on Nanostructured Materials on 20th Dec 2019. The nanoscale materials play significant roles in the modern scientific era. The present seminar focuses on synthesis / processing and characterization of the nanostructured materials for different applications.

In order to promote the nanoscale materials, Principal Investigators, Scientists Industrial Researchers, Research Scholars and students are encouraged to submit their original research paper for the Seminar. Initially, abstracts are invited for submission. Later, the full length research papers have to be submitted for further scrutinization and accepted for the proceedings / published in UGC referred or Scopus indexed Journals. The oral presentation will be for 15 minutes and the poster size is 1m x 1m. The best oral and poster presentation will be awarded to the outstanding presentation.

Venue : Smart Room Civil Block

Guidelines for submission of abstract

Authors are requested to submit the abstracts with 300-400 words in the MS Word format, 12 Font Size, Times New Roman with 1.5 spacing. Title of the paper, names of authors and affiliations must be included in the abstract with complete corresponding author details (Phone number and email id) along with filled in registration form submit to **hod.physics@bharathuniv.ac.in**
